Solar America Board for Codes and Standards

Solar ABCs Stakeholder Meeting

October 23, 2014

# Solar ABCs

Solar ABCs is a collaborative effort among experts to provide coordinated recommendations to codes and standards making bodies for existing and new solar technologies.

Funded by U.S. Department of Energy  
National Renewable Energy Laboratory

# Solar ABCs

The basic operating tenets of the Solar ABCs that are embedded in all of its work:

- Commitment to consensus
- Inclusion of all stakeholder groups
- Technology and policy neutral

Solar ABCs is NOT a standard or code development organization.
